MAYSVILLE, KY., WEDNESDAY, JUNE 16, 1886.

PRICE ONE CENT.

Be Warned

in time. Kidney diseases may be prevented by purifying, renewing, and invigorating the blood. Ayer's Sarsaparilla. When through disease the action of the kidneys is perverted, these organs rob the blood of its needed constituent, albumin, which is passed off in the urine, while waste matter, which they should carry off from the blood, is allowed to remain. By the use of Ayer's Sarsaparilla, the kidneys are restored to proper action, andAlbuminuria, or

Bright's Disease

is prevented. Ayer's Sarsaparilla also prevents inflammation of the kidneys, and other disorders of these organs. Mrs. Jas. W. Wild, Forest Hill st., Jamaica Plain, Mass., writes: "I have had a complication of disease, but my greatest trouble has been with my kidneys. Four bottles of Ayer's Sarsaparilla made me feel like a new man. I am now well again over." W. M. McDonald, 46 Summer st., Boston, Mass., had been troubled for years with Kidney Complaints. By the use of Ayer's Sarsaparilla, he not only

Prevented

the disease from assuming a fatal form, but was restored to perfect health. John McLellan, cor. Bridge and Third st., Lowell, Mass., writes: "For several years I suffered from Dyspepsia and Kidney Complaint, the latter being so severe at times that I could scarcely attend to my work. My appetite was poor, and I was much emaciated; but by using

AYER'S Sarsaparilla

my appetite and digestion improved, and my health has been perfectly restored."

Sold by all Druggists.

Price \$1; Six bottles, \$5.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U. S. A.

INDIGESTION

To strengthen the stomach, create an appetite, and remove the horrible depression and despondency which result from Indigestion, there is nothing so effective as Ayer's Pills. They will cure no case of either nervous, drugged, or directly on the digestive and assimilative organs, and restore health and strength to the entire system. T. P. Bonner, Chester, Pa., writes: "I have used Ayer's Pills for the past 20 years, and am satisfied I should not have been ill today if it had not been for them. They

Cured

me of Dyspepsia when all other remedies failed, and their effects were not kept up in a healthy condition ever since." L. N. Smith, Utica, N. Y., writes: "I have used Ayer's Pills, for Liver troubles and Indigestion, a good many years, and have always found them prompt and efficient in their action." Richard Norris, Lynn, Mass., writes: "After much suffering, I have been cured of Dyspepsia and Liver troubles."

By Using

Ayer's Pills. They have done more good than any other medicine I have ever taken." John Burdett, Troy, Iowa, writes: "For nearly two years my life was rendered miserable by the horrors of Dyspepsia. Medical treatment afforded me only temporary relief, and I became reduced in flesh, and very much debilitated. I was then advised to take Ayer's Pills. I did so, and with the happiest results. My food soon ceased to distress me, my appetite returned, and I became as strong and well as ever."

Ayer's Pills,

ACROSS THE BRINY BLUE.

THE LIBERAL-UNIONISTS BECOMING GREATLY ALARMED.

Plenty of Money for Parliamentary Elections—Gladstone and His "Plan"—King Ludwig's Insanity Denied—Startling Rumors About the King's Death.

LONDON, June 16.—The impression is becoming general in Paris that the expulsion of the prince will open the way for M. Ferry to displace M. De Freycinet. Despite the holiday season, the political managers were busy yesterday. A Cable News correspondent called at the head-quarters of the Liberal party yesterday afternoon, and found Mr. H. R. Brandy, M. P., who was in charge, looking somewhat downcast. To the reporter he said:

"There are increasing proofs that the Tories intend to break forth and oppose the Union wherever they think they are strong enough to do so. I think the Conservatives are inclined to kick in the traces, and local ambitions, you know, difficult to suppress. The Tories in the Strand division of Gloucestershire, which I represent, have threatened to bring a Edward a candidate to oppose me, but I have not yet received any news to that effect. I think you will find a great many Tory candidates whose nomination was brought about by local pressure, and who, for that reason, must receive the countenance of the Conservative party. Their funds continue to come in abundantly, and there is no fear that we shall not have money enough for all needs."

The editor of the "Morning Post" is in respect of the harboring of the assassin in expectation of his plan, but it is well understood that Mr. Gladstone designedly abstained from going into details, preferring to reserve them for his speech, which, as at present arranged, will be delivered at Edinburgh on Friday and Monday next, and at Glasgow on the following Saturday.

Mingling with the Satirists.

LONDON, June 16.—A special from Vienna to the Standard says: "It is impossible to conceal the misgivings entertained by the people here, that the late King of Bavaria was not sufficiently guarded. Some point to the fact that the king was not allowed to sleep in his bed until the time that searchers were sent to find him. They also point to the fact that when the financial straits of the king were most noted, no one could tell him that he was in need. The Standard's correspondent adds: "The real truth in connection with the death of the king will never be learned." Dispatches from Munich and other Bavarian cities, say the event overthrew the king's death is unaltered.

Playing the King's Insanity.

MUNICH, June 16.—Dr. von Giesebrecht, who was formerly King Ludwig's physician, denies that Ludwig was eccentric only. The doctor adds that he disagreed with the official report of the examining board of physicians, according to which the king was insane, and he felt compelled to keep his views to himself.

"For," he says, "if I had published a statement in opposition to that of the court doctors, I should have faced the fate of certain other persons and been at least compelled to poison myself. I did not dare to do so, however, as I had no experience as his physician gives me with."

Revising the Commerce Treaty.

BERLIN, June 16.—The German government has assented to Switzerland's proposal to revise the present commercial treaty existing between those two countries, and which it was heretofore believed, would be unaltered.

Chase Visited by the King.

BERLIN, June 16.—The cast has decorated Herr Von Hansenmann of this city, the celebrated negotiator of Russian loans, with the order of St. Stanislaus of the first class.

SAM JONES.

He Explains His Remarks Which He Made at Columbus, O.

INDIANAPOLIS, Ind., June 16.—The controversy of Sam Jones with Dr. Jeffreys has ended in the evangelist apologizing for the language which caused Dr. Jeffreys to denounce him as a "most abominable scoundrel." In this he was right.

"I have been sorry a dozen times that the remark I made to a half dozen cowards preposterous should have been taken to mean a great Christian denunciation. As God my Judge, I made out to be a fool who was running round trying to do harm which I wanted to do good. God bless the Baptist church. I love it, for I got the best wife out of it that a man was blessed with. I do not care a particle as I hate the devil. When I said that I did not care a damn for the Baptist church or other Christian church than I meant the angels in heaven. It was the only thing in all my ministry that I ever said to reflect on any denomination, and that applied only to those who were trying to do mischief."

THE EVENING BULLETIN

WEDNESDAY, JUNE 16, 1886.

It is estimated at Lonierville that fully 80 per cent. of the burley crop of tobacco has been set. With a fine crop this year, more gambling at prices will be heard than ever before.

CARTER County has voted prohibition by 600 majority, and Logan County by a majority of 522. The Commonwealth of Covington says the rejection of the high license bill by the last Legislature has given prohibition a boom.

It looks like the fight for judicial honors in this Superior Court district is going to prove interesting for the "boys." It has already assumed a triangular shape. Winfield Buckley, of Bourbon, having entered the contest. With three good men like Buckley, Nesbitt and Ward, the Democrats will have a good list to choose from.

The editor of the Enterprise seems to think that we ought to explain why the Citizens' Gas Light Company isn't assessed for taxation. Our most potent reason for not doing so is, that we generally attend to our business, and generally have our hands full in doing so. If the City Assessors has failed to attend to his duties, he's the one to answer for it. We have an abiding faith in the ability of our city authorities to manage the municipal affairs, and are entirely willing to leave the matter with them. For any injustice perpetrated, they know they will have to answer.

Congressional Convention.

The Democratic Executive Committee of this, the Ninth, Congressional District met at Vancouer yesterday. The business before the meeting was to fix the time and place of holding a convention to nominate a candidate for Congress. A number of places were suggested, but August finally plucked the prize. It was decided to hold the convention on the 8th of next September. The selection of Augusta is considered a victory for Judge Wall.

References.

The burden of our contemporary's remarks in regard to the Citizens' Gas Light Company has been directed against W. B. McDonough, the President of the institution. We don't suppose Mr. McDonough has given himself great deal of worry over the matter. If he has, we haven't heard of it. To parties who are fully informed on the subject, the articles in the Enterprise will have no weight. But others may listen to them, and conclude that the gentleman's a perfect fraud or trickster. If there are any who entertain such opinions, they're referred to the gas companies at the following places:

Holy Springs, Miss.
Chattanooga, Tenn.
Meridian, Miss.
Fargo, Dakota.
Wauau, Wis.
Helena, Montana.
Butte, Montana.
Huntington, W. Va.
Paris, Ill.
Daville, Va.
Soldiers' Home, Dayton, O.
Insane Asylum, Dayton, O.
Logan, W. Va.
Ionia, Mich.
Manistee, Mich.

Kentucky Politics.

Congressman Walford is spoken of as a probable candidate for Lieutenant Governor. A suggestion of Buckner and Walford is now in order.

While the Covington Commonwealth is making an insatiable effort to defeat Mr. Carlisle for Congress, many of the leading papers of the country are indorsing him for the presidential nomination—Louisville Commercial.

Captain H. C. Martin, candidate for Congress in the Eleventh district, is forty years old, and is said to be one of the foremost lawyers in that part of the State, as well as one of the most eloquent speakers. He was a Federal soldier.

The municipal election at Mt. Sterling last Saturday was a lively struggle all around, and was too close to be comfortable. The Democratics were victorious, electing the City Judge by 17, Mayor by 4, and Marshal by 28 majority.

The agony in the Eleventh district is to be prolonged until July 21, when a convention will meet at Somerset to nominate a successor to Congressman Frank Walford. There are already a dozen candidates in the field and the number will likely double in the month and a half intervening before the convention.—Interior Journal.

There are three Democratic candidates for Judge in the Louisville Superior Court District: Hon. M. J. Saufley, of Lincoln County; Joseph Barbour of Henry, and Walter C. Whitaker, of Jefferson. The convention will be held at Lebanon, tomorrow, and Saufley's friends claim his nomination "with confidence." It requires 119 votes to nominate, and he has 118 instructed. Barbour's supporters, however, think the convention will select their man. Both will make good Judges.

WASHINGTON MATTERS.

OLEOMARGARINE AGAIN INTERESTING
THE SENATE COMMITTEE.

Presidental Nominations.—The Blair Pension Bill reported to the House—Classing Appropriations—Yellow Fever Quarantine—National Notes.

WASHINGTON, June 14.—The senate committee on agriculture to-day granted a hearing to opponents of the oleomargarine bill. A large number of opponents, as well as advocates of the bill, were in attendance. Professor Morton, professor of Stevens Institute of technology, and Professor Chandler, formerly president of the New York board of health, both testified to chemical examinations and to have derived much aid to the subject of oleomargarine, and concluded that it is perfectly wholesome substitute for butter, made by equally cleanly processes, from equally wholesome material. The hearing will be continued to-morrow.

Administration.

WASHINGTON, June 15.—The president has sent to the senate the following nominations: Postmaster—George L. Steper, Natick, Mass.; George S. Frascati, Merrimac, Mass.; Edward F. Kinball, Ipswich, Mass.; Charles C. Tamm, New Haven, Conn.; John Canisteo, N. Y.; Herman Baumer, Johnstown, Pa.; Thomas Brady, Bergen Point, N. J.; Edward McClung, Fairfield, Ill.; Julia D. Young, Wrights Grove, Ill.; Henry Clemons, Springfield, Ill.; David W. Powers, Worcester, Mass.; John C. Goss, Central City, Neb.; H. H. Dole, Brownsville, Neb.; E. C. Morell, Kirwin, Kan.; Ismael T. Carr, Neillsville, Wis.; Wilson D. Lyon, Elkhorn, Wis.; Consider A. Stacy, Toledo, Mich.; Andrew W. Philbrick, Bodie, Cal., and B. T. Mahan, Ansonia, Conn.

Pension Bill.

WASHINGTON, June 1.—The Blair "universal" pension bill was reported to the house from the committee on veterans' pensions. As amended it fixes pensions at \$23 annually, instead of giving from \$4 to \$24 monthly. It also increases the amount of pension cases to \$5, and authorizes the commissioner of pensions to meet the rate in all other cases.

The house committee on foreign affairs do not expect to vote on the bill in the senate this week, to the counselor and author of the appropriation bill, making the general order of classification and appropriating \$50,000 to enable the president to meet unforeseen emergencies in the service.

The President's Summer Vacation.

READING, Pa., June 15.—Col. Daniel S. Leamont, private secretary to President Cleveland, has just returned from a short trip near Warrenton, this county, in reference to engaging rooms for the president and his bride for a few days. Col. Lamont states in his letter to the president, the president is desirous of staying at a hotel to-day. The contemplated visit of the president has caused quite a sensation among local Democratic politicians.

To Investigate the School System.

WASHINGTON, June 15.—Matthew Arnold has left Washington. "For some time to come," Mr. Arnold said previous to leaving, "I shall be engaged in completing and supervising the investigation of a work which I have undertaken at the instance of the British government, in investigating the school system in upon the continent, with especial reference to the question of the desirability of free schools."

Quarantine Against Yellow Fever.

WASHINGTON, June 15.—The Marine hospital service of the navy, the Bureau of Fisheries, and the quarantine reports to the commanding surgeon general the arrival of the British ship Vancouver, fifty-three days from Rio de Janeiro. The captain and mate died of yellow fever on the passage. There is now no sickness on board, but the vessel is placed in strict quarantine while undergoing the necessary disinfection.

FROM BRIDE TO BRIDE.

Mrs. Grover Cleveland Writes to Mrs. Clark Chamberlain.

CLAYTON, June 16.—Mrs. Clark Chamberlain, whose marriage to Mr. Chamberlain caused a stir in society, was a school friend of Mrs. Grover Cleveland. After the president and his bride returned to Washington, Mrs. Chamberlain received the following letter from Mrs. Cleveland:

"EXECUTIVE OFFICE."

"WASHINGTON, D. C., June 11.—"DEAR STELLA.—On my return from Dear Park they told me that there was a box of letters from you from Clayton, Mo., and showed me up a flood of school day memories and there are to me no brighter or happier remembrance than the recollection of our school days. Dear Stella, you remember the old fashioned Sunday school class with you. I just received the hearty congratulations from Anna. Nothing that has transpired in connection with my marriage so touched me. I suppose you are going to Wells' College commencement, this month? I wish I might. Yours, as of old, etc."

"FRANK."

Jumped From a Train.

HARTFORD, O., June 16.—William Ritzel, fourteen years of age, boarded train No. 8, on the Cincinnati, Hamilton & Dayton railroad, at Brighton, to visit his brother-in-law, Charles C. of the village, and being impatient to get to his destination, he ran across the platform, and, as he was about to jump, he was struck by a car of the train, and was thrown under the car. He was badly bruised and scarred, but the company dispatched a physician as soon as they were notified, and the case is pronounced as not serious.

North American Turnaround.

BOSTON, June 17.—The second regular session of the four day's annual regular session of the North American Turnaround opened at 10 a. m. in Turn Hall, Boston. The next meeting, it receiving 375 against 147 for Pittsburgh, and 40 for San Francisco.

Ex-President Arthur's Condition.

NEW YORK, June 16.—Ex-President Arthur's condition is said to be improving, and he expects to leave the city for the seashore within a few days.

THE TONE MASTER.

Wonderful music there was one day, Chopin to Liszt, Liszt to play. Said Chopin to Liszt, "Pain would I learn if the ear may through music, the colors then least struck clear from the highest keys. The song of bright skies—the summer breeze; And Chopin cri'd out with keen delight, "I see soft auræ and glistening white." Then Liszt smote mainly the deep bass chords And Chopin said the shadowy soprano borders doubt and despair that need and rage; The soul in dark hours "Away with the black, Awful vision!" cried Chopin. It passed; And away from the base Liszt's fingers flew Then a witching, palpitant, brilliant strain Which thrilled and kindled and thrilled again;

And Chopin cried quick, as the melody sped, "Mine eyes rest on roses and cheeks that are

As to by his wondrous, exquisite art Liszt touched, through both sense, the one human heart,

And showed as a rose might, transformed to a bird,

That sound can be seen and hues can be heard.

—San Francisco News-Letter.

DRIVING MEN FROM EMPLOYMENT.

Statements of a Young Man in San Francisco—Secret of Cheap Living.

According to the statements of a young woman in San Francisco, she and her sisters are drawn from many of the occupations they have been engaged in since the Pacific coast was first settled. She declares that women have always superseeded men as stenographers, typewriters, telephone operators, copyists, and writers. This has now begun to obtain in places in banks and commercial business houses. Educated girls are filling most of the easy positions that were till recently occupied by men. Girls are now turning to the more difficult occupations. They make clothes, shoes, and cigars, and in many cases sell them. The transaction of several kinds of business has passed almost entirely into their hands. In her opinion it is only a question of time when the power of the Golden State will monopolize every employment that it is desirable to engage in.

Being asked by a foreign gentleman how they had been able to accomplish all these great results, she replied, "By using the Chinese method, and keeping them at their own game." She then went on to give the particulars of their mode of procedure in every occupation that they had monopolized. They quite prepared themselves for it, often taking a walk in the woods, and began to practice. If she met with difficulties, she knew where to apply for assistance.

As soon as she became proficient she applied for a situation, often offering her services gratuitously till she had obtained evidence of her worth in the eyes of the employer. She obtained a position in a factory manner. They obtained places and kept them because they worked much cheaper than men did or could. Many of them were in a position to live even cheaper than men did, and were paid less than men.

The work done in the family laundry. They spent no money on billiards, cigars, wine, or stronger kinds of drink. They belonged to no secret societies, social clubs, or military organizations. They had little to do except to go to every election. The consequence was that the girls were getting rich at small salaries, while the men remained poor even if they obtained large salaries. Employers were as fond of cheap labor as cheap material. The time had come when men engaged in certain kinds of business and employing men could not compete with those that employed girls—Chicago Times.

Village in Danger from Floods.

NEW ORLEANS, June 16.—A storm has been raging all night in the west part of the state, but the wires being prostrated, it is impossible to get information from west of Lake Charles, near the Texas line. At 6 o'clock it was learned that a violent wind with rain had been prevailing there. Trees were uprooted and destroyed. Much damage was done to houses. Great apprehension is felt at Lake Charles for the safety of Leesburg, south of there, and immediately on the gulf coast at the mouth of the Calcasieu river it is feared that the water will rise to the level of the village, which is surrounded by a salt water bay, and destroy the people who would not be able to escape except in boats. The lines from here to Leesburg are down and no direct communication is attainable. An extremely bad rain, rather than a wind, enveloped the entire town and has been without.

Steped Covering China.

CITY OF MEXICO, June 16.—Cruz Baker, a member of the Canadian parliament and owner of the steamer Hardony, has left this city for Victoria, B. C., after ordering the cessation of his vessel carrying Chinese to California. He is bound for the coast of British Columbia, and the will destroy the people who would not be able to escape except in boats. The lines from here to Leesburg are down and no direct communication is attainable.

Consequently we have put day consumers the most extraordinary REDUCTION of prices

for our Grand Line CARRIAGE WORK—especially in the hands of our expert workmen.

Therefore a cordial invitation is extended to all to call and see us before purchasing elsewhere.
